

VERN SAPERGIA

Vern Sapergia, celebrated European reiner and head of a Canadian reining dynasty.

Vern Sapergia's name is legendary in Canadian reining circles, but he's just as well known in Europe where he's based his training operation for many years. In March this year he tied for first in the European Futurity's Level 2 Open Division with German-owned Dreams and Prizes. Here, he'll be aboard Outrider Ranch's Its Wimpys Turn and's Listos Last Hobby, the 10-year-old mare who has taken her

owner, Susan Strelloff to the pay window many times over the years. Vern's daughter Shawna has had success on Its Wimpys Turn in the past, but Vern came home to Cochrane to qualify on the horse at the last CRIs held in Canada.
